Theme this month: Playing with Pinwheels

Hi Everyone,

I am keeping the theme as a very simple choice for this month, and going back into some basics with the pinwheel idea.

There are many styles of Pinwheel blocks you can play with for this month.

Here are a few example to inspire you row.

Made with geese units

More traditional

Double pinwheel

Folded and curved

Three dimensional

Foundation pieced style

Try different layout—this is another double pinwheel

Have fun this month.
