Pieced Animal shapes

Hi Everyone,

For this month I have decided it is time to finish a quilt for my newest grandson, so I have looked for ideas to extend the quilt I have been working on, and have decided to continue the animal theme and the idea of pieced animals came to mind.

I have not yet included these in any of my work, so "something new" will apply.

I had a look in my favourite Jinny Beyer book and found a dog, a donkey & an elephant block.

I have many other magazines and books with animal ideas, including one with frogs, so I will assess the options and hopefully finish Luca's quilt.

I hope you have fun checking through your magazines & books to see what animal ideas you can come up with.

Till next month,

Jan P
